

Zest Indian Restaurant Reviews

Below are a collection of reviews from some our customers.

"This restaurant is fantastic! My family and I were hooked as soon as we walked in and encountered a friendly welcome and a beautiful interior, with a soothing water feature and minimalistic design. The menus were interesting and featured background info about the different dishes, and the food was delicious. Each meal was rich in flavour but not too greasy and there was plenty of food (leftover food was bagged for us to take home). The waiters were friendly and created a great eating atmosphere. The price was very reasonable and compared very favourably to other restaurants in the north west. I really can't recommend this restaurant enough and have been back since. It's definitely worth the short drive out of Sandbach and Congleton". Sarah Francis, Crewe

"As an Indian Lady, who has cooked authentic curries for many years I am extremely fussy about what I eat & where I eat. The food here is freshly cooked with a freshly ground masala base & fresh ingredients... When I am lazy to cook an authentic Indian, Zest is the ONLY Indian place I will eat out at & has Authentic Indian head chefs all the way from India. Raj the owner & his team are fantastic. Well done to Zest." Mala & Guido, Haslington
